From the Bridge

Thank you for another amazing season!

Time to Fall back & change those clocks!

2019 boating season was perhaps one of the best in many years....a rainy June gave way to drought conditions in July, August and September and October. The river stayed at or near pool stage from July on....The RTM crew stayed busy assuring our harbor had plenty of depth, and helping neighboring marinas stay dredged as well. (People on the River are happy to Give). We ended the season with news of LBYC, planning to rebuild by next year (Fingers Crossed!)

If you have not contacted the office to have your boat pulled for blocking and winter storage, please do so this week. We hope to have all 500+ boats winterized and stored by the first week of December.

As we prepare for our "Winter Season" the valet station is no longer open 7-days a week. Our winter hours are Monday through Friday until 4:30. (We are closed on weekends.) The valet phone number is also disconnected until spring. Although we will be busy putting boats away 5-days a week through November, our offices hours will remain Monday, Wednesday and Friday until 4:00. You can always reach us there at 513-533-3000

Sorry!

The lines are down..

Tucker's Landing

RV Park & Boat Ramp

Tucker's will offer 3-different seasonal price categories based on site location + transient spaces. We will also feature asphalt roads, concrete pads and patios. Full hook-ups.

River (**Red**) These large premium sites will feature beautiful views of the Majestic Ohio River

Terrace (**Green**) Limited supply of these secondary sites which feature a slightly elevated view

Meadow (**Blue**) The majority of sites will be beautifully landscaped with small ornamental trees and grasses to create interest and natural barriers between the sites.

Transient (**Yellow**) 14 of our sites will be dedicated to transient visitors of 1 month, 1 week, 1 weekend or 1 night. Many of these Transient sites will feature large pull-through lots.

Boating Tips

7 Steps for De-Winterizing Your Boat Early to Make for an Easier Spring

Boat owners follow the seasons like clockwork. The boat comes out in the spring, has play time in the summer, and inevitably goes into hibernation during the cold winter months. Maintaining your boat is a constant process, but it's that last section of the cycle that needs the most attention. It takes a lot of work to winterize and then de-winterize your boat. It's tedious, but it's essential to your machine's longevity.
